Dear Dr. Yetley,

Please be advised that Jarrow Formulas, Inc. is marketing a product containing a "Structure and Function" statement on the label. According to the notification requirements set forth by the DSHEA (Dietary Supplement Health and Education Act, 1994) legislation, please be advised of the following:

Name of Product: Glucosamine Sulfate 500™

Active Ingredient(s): Glucosamine Sulfate

Claim(s): "Supports Joint Function" - Glucosamine is a component of joints and intestinal tissue and is involved in the production of synovial fluid which lubricates the joints. Sulfur is also utilized in the production of cartilage tissue.

The following disclaimer appears on the label: This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients. A compendium of relative published research substantiating the above statement(s) is on file at the corporate office.

Respectfully submitted,

Siddharth S. Shastri, B.A., C.C.N.

97S - 0162

LET1647

USAGE: Take 1-4 capsules per day as a dietary supplement, or as directed by your qualified health consultant.

Glucosamine Sulfate (GS) is an aminomonosaccharide comprised of glucose and glutamine. **Glucosamine** is an essential component of and stimulant to the synthesis of proteoglycans, the building blocks of connective tissue and articular cartilage. Sulfur is also utilized in the production of cartilage tissue.

This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Lot #: Best Used Before:

Each capsule contains:
Glucosamine Sulfate • 2KCl 670 mg.
Yielding:
Glucosamine Sulfate 500 mg.
Potassium Chloride 170 mg.

Jarrow Formulas' Glucosamine Sulfate 500 is a unique, SODIUM FREE form of GS stabilized with only potassium chloride (KCl)

Contents: Glucosamine Sulfate • 2KCl, microcrystalline cellulose (filler), magnesium stearate (lubricant) and no other ingredients. Capsule consists of gelatin.

Does NOT contain salt (sodium chloride [NaCl]).
